### WINGS ON THE WALL

The Italian design house Inkiostro Bianco's Goldenwall collaborated with nine international artists and designers for their new collection. Pune based Indian artist-designer Michelle Poonawalla worked on two designs — The Flutter and Misty Flutter (featured here). Her signature motif, butterfly is superimposed with Inkiostro Bianco's techniques on Gold Leaf and Pink Gold. The resulting wallpapers highlight metal-effect base materials, mixed with the sparkle of precious metals. [inkiestrobianco.com](http://inkiestrobianco.com)

### Blush blend

Add Koket's Audrey duo to your living room to make a statement. The velvet armchair is accompanied by a petite footrest. Plush upholstery in beautiful coral shade and black lacquered feet in matte finish gives off a soft feminine vibe combined with bold vivacity. [bykoket.com](http://bykoket.com)

### Scene stealer

Beautiful knick-knacks add character to a room. This black marble print candle with Esotericum scent from Gucci Décor's 'Souvenir From Roma' collection is a classy piece for the living area. We love the Richard Ginori porcelain jar with its key detail on the lid. [gucci.com](http://gucci.com)
